## LOCAL MATTERS.

WEATHER PROBABILITIES.—For this week (the forecast) probably showers Friday afternoon, continued high temperature for the week with possibly relief Friday night; light weather.

CONGREGATIONAL MEETING.—The M. E. Church South held a congregational meeting last night, at which a report from the building committee was received and unanimously accepted. The report stated that they deemed it expedient to erect a new church edifice and recommended further that they proceed to remodel the present structure. The improvements contemplated will renew the entire internal arrangement of the building and it will be practically a new church, with the exception of the four walls. The Sunday school floor is to be raised a foot and the ceiling two feet, steel ceilings are to be used in both Sunday School room and main auditorium. The latter will have an inclined floor, and a neat circular gallery will replace the present one. Circular pews will be used in the main church room, stained glass windows will replace those in use, and the building will have a new metal roof. It is supposed that these improvements will cost exclusive of pews about \$7,000, which amount is now in hand and subscribed.

At the meeting last night Mr. S. E. Lindsey presided and Mr. T. H. Nettleton was chosen secretary. Mr. F. J. Pollard, chairman of the building committee, presented the report. The congregation of the committee, as stated above, was unanimously adopted and the pastor was requested to ask the consent of the Quarterly Conference to allow the work to proceed. It is proposed to have the work completed by fall. During the progress of the work the services of the congregation will probably be held in the old Presbyterian Church on South Fairfax street.

POTOMAC RIVER IMPROVEMENTS.—By act of March 3, 1899, Congress set aside \$100,000 for improving the Potomac River at and below Washington. The expenditure of which has been arranged according to a report by Col. Charles J. Allen, of the engineer corps, and now approved by acting secretary of War McKeljohn. The report shows what has already been done toward improving the Potomac River, and recommends that \$74,000 of the appropriation be spent on the river in front of Washington. This includes dredging the channels, both in the Virginia and the Washington channels, to a depth of twenty feet at low tide, and raising the flats above and below Long Bridge to a grade about three feet above the freshet plane of 1877. Other items included are the dredging of the tidal reservoir, the construction of the inlet gates, the completion of the training dike. In regard to improvements below Washington, Col. Allen says that it is fair to presume that there will be further appropriations for this work next year, and it is therefore only necessary to make a beginning. He recommends that expenditures be made in clearing obstructions for a twenty-four foot channel on the lower river through the Kettle Bottom shoals, Maryland Point shoals, Smiths Point shoals, and Mattawoman shoals.

THE HOT WAVE continues to depress both man and beast, and those in positions to know declare it will hold its own to the end of the week. The mercury in the thermometer yesterday struggled toward the one hundred mark, reaching 97°, and it was generally agreed that it was the highest temperature experienced by the oldest inhabitant. Man and beast sweltered under the sun's piercing rays nearly all day, sighing for relief and in hopes the prediction of the Signal Office that a thunder storm would prevail between five and six o'clock would be fulfilled. Old probabilities saved his reputation. A light-weight cloud gathered in the western heavens about that time from which lightning soon flashed and thunder rolled. In a short time it settled over the city. Clouds of dust were soon whirled through the streets, after which there was a refreshing but short-lived shower, which, however, left the dust and lowered the temperature somewhat. It left in its wake gentle zephyrs the fanning of which was delightful. By bedtime, however, the breeze had spent itself and the leaves of the trees which had previously rustled became stationary, and another night of discomfort followed. There has been no improvement today, old sol having risen with none of his power diminished.

THE INFIRMARY.—The board of lady managers gratefully acknowledge the following donation to the Infirmary: Mrs. K. U. Taylor, tray and stand for dining room, spiced fish, dessert, etc. The Alexandria Steam Bakery, bread weekly; Mrs. M. J. Carlin, Mr. Charles Hood, Miss Mionigrode, milk daily; Mr. Gillingham and son, buttermilk; Mr. Watkins, meat; Alexandria Sewing Guild, pillow slips, etc.; People's Bakery, rolls, etc.; Mrs. Brooke, 2 pks. breakfast food; H. S. Snowden, 2 crates of strawberries; Mr. Vernon King's Daughters, canned fruit; Mrs. Ballinger, strawberries; flowers from Mrs. Acton, Mr. Emerson, Mrs. Marshall and M. E. Church South; Society of St. Vincent de Paul, \$25; Willie Burke and friends, \$5; Laura Beckley, \$1; H. M. \$10; R. W. Dodge, \$10; Mr. Shuman, 1 gallon of ice cream weekly; Dr. Slaughter, 1 bushel of cherries; Mrs. H. Smith, underwear, etc.; papers from Miss L. Burke, Mrs. Carlin, Miss Bessie Janney, Mrs. Acton, Mrs. Caton and Mrs. Mansfield.

A man charged with vulgar and abusive language, forfeited \$5 by failing to appear. Dallas Washington, colored, charged with disorderly conduct, forfeited \$5 by failing to appear. Luke Raines, colored, charged with disorderly conduct and abusive language, was fined \$2.50. A young man charged with assault was dismissed. Five young men charged with disorderly conduct were dismissed. Night Report.—Last night was clear and warm. Four prisoners were at the station house.

A marriage license was issued in Washington yesterday to Michael Nichols, of Bridgeport, Conn., and Georgiana Williams, of Fauquier county.

PERSONAL.—Mrs. P. H. Desmond, of Lynchburg, is visiting her aunt, Mrs. Edward Dunn, in this city. Mr. Nelson Cradlin and Miss Belle Boyd were married last night at the residence of the bride's parents, Mr. and Mrs. J. T. Boyd, on Queen street, in the presence of a number of their friends and relatives. The ceremony was performed by Rev. N. B. Masters, of Trinity M. E. Church.

Mr. Frank Hume and his family, who spent the winter in Washington, have come back to Warwick, their residence in this county, for the summer.

Mrs. Lelia Barnes, of Troy, N. Y., is visiting Mrs. H. A. Downham.

Miss Annie Lykes, of south Fairfax street, has gone to Canandaigua, N. Y., to spend the summer with relatives.

At the closing exercises of Randolph Macon College at Roanoke on Tuesday evening, Mr. J. W. Peake, of this city, was awarded the orator's medal.

Capt. B. H. Atkinson, of Company F, Third Virginia regiment, today received an official notice from Gov. Tyler placing him upon the retired list of the Virginia militia to date from June 7, 1899.

Mr. J. C. Smoot has come to North Wilkesboro, N. C., on business.

Rev. Frank Stringfellow is visiting relatives in this city.

A number of Mr. Louis Brill's friends are urging him to become a candidate for the Legislature.

STEAMBOAT NOTES.—The steamer Belle Haven on her 11:30 trip to Washington this morning broke the connecting rod of her engine and had to be temporarily withdrawn from the ferry line. The Arrowsmith will take her place till repairs are made.

The steamer Kent, which some years since ran on this river, but which more recently has been at Baltimore, passed up the river this morning for Washington. During the season she will run as an excursion boat from Washington to Glymont.

The longboat Peri and a river schooner are on the ways at the shipyard for repairs.

The new steamer Lillian and Howard, which is to run between this city and Occoquan, was given a trial day or two since which proved entirely satisfactory.

THE THOMPSON ELECTRIC COMPANY, a new business enterprise, and the Postal Telegraph Company, formerly occupying one of the offices under the Braddock House, have just established themselves as joint occupants of 427 King street, where they have one of the handsomest places of business in the city. The premises have been thoroughly refitted, and besides presenting an attractive appearance, show that considerable foresight has been exercised in arranging for the convenience of the occupants, as well as their patrons. The Postal Telegraph Co., under the management of Mr. C. E. Hoyer, has already distinguished itself by its excellent service, and all are confident that the Thompson Electric Co., under the able management of Mr. Chas. F. Thompson, will prove a success from the start.

FINAL DANCE.—The final dance to be given by the students of the Episcopal High School will be held at McBurney's Hall on the evening of Monday, the 19th inst., and promises to be a most enjoyable affair. Among the chaperons will be Mrs. L. M. Blackford, Mrs. Willoughby Reade, Mrs. W. H. Randolph and Mrs. Nicholas Dawson, of Seminary Hill, and Mrs. H. C. Ansley and Mrs. Hubert Snowden, of this city. The managers are Messrs. Edgar Snowden, chairman, R. P. Holt, C. R. McCullough, Phil. Dawson, D. N. East, Jr., H. C. Ansley, Jr., A. M. Crawford, E. W. Barnwell and H. R. Galt. A number of the "old boys" and several ladies from a distance are expected to be present.

REV. WILLIAM M. DAME, formerly of this city but now of Memorial Episcopal Church, Baltimore, will visit Danville, Va., on Sunday next to participate in the dedication of the Dame Memorial Chapel at that place, the erection of which was begun by his father, Rev. George W. Dame, who died until his death two years ago, pastor of the Episcopal Church at Danville. The dedicatory sermon will be delivered by Rev. Mr. Dame, and Bishop Randolph, of Virginia, will be present to consecrate the new edifice and pay a tribute to the deceased clergyman who planned its erection and bore the expense.

A FAILURE.—It was easy to see yesterday evening that the so-called Confederate reunion at Glen Echo, near Washington, was a dismal failure. There was hardly the usual attendance of pleasure seekers. No Confederate Veteran uniforms could be seen, but a few of those present wore Confederate badges. It was evident that the reunion scheme did not have the endorsement of any genuine Confederate organization, and it was regretfully admitted by the few Virginians who went there that Virginia Day was anything but a success.

IT WAS DECIDED to abandon today's program of the Glen Echo encampment.

STRIKE.—The laborers engaged in lowering the water mains along the route of the Belt line in Washington preparatory to putting in an underground electric system, went on a strike this morning. The men started to work several weeks ago at \$1.35 for ten hours, later on their pay was reduced to \$1.22 for nine hours' work. Today they were notified of a return to the first scale of \$1.35 for ten hours, but refused to go to work for less than \$1.50.

Robbed the Grave. A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and, to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at E. S. Leadbeater & Son's Drug Store.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then regret his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting rich or while he is getting poorer. For sale by J. H. Janney, Druggist, 701 King st.

TO THE OWNERS OF DOGS. Mayor's Office, Alexandria, Va. June 1, 1899.

All persons owning or intending to keep any animal of the dog or canine species must come forward on or before JUNE TENTH, 1899, and take out a license for the same from the Auditor. After the 10th of June all persons owning or harboring dogs without the required license will be fined (as the laws on the subject require) \$5 for every dog so owned or harbored.

Complaint has been frequently made that many persons fail to take out their licenses, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

My attention has been called to this evasion of the law, and I shall require the policemen to report all such cases, and fines will be imposed upon those who fail to take out licenses.
